QUITE A SURPRISE

MR. J. D. HAIL TO BE MARRIED TO
MRS. BELLE HALL SMALL
SATURDAY, JANUARY 29.

AT THE HOME OF MRS. J. J. FREY

Couple to Take Up Their Residence
at Tulsa, Ok., Where Mr. Hall
Has Been Engaged in Bus-
iness for Some Time.

Unusual surprise will be occasioned by the announcement of the approaching marriage of Mrs. Belle Hall Small, one of the most popular of Missouri's society ladies, to Mr. J. D. Hall, a former Sedalia dry goods merchant, which is to occur in St. Louis Saturday.

Information telling of the approaching event was received here last afternoon in a letter to Mrs. W. J. Maltby, of East Fifth street, from the bride-to-be, in which she stated that she and Mr. Hall were to be wedded on Saturday, Jan. 29.

The ceremony will be solemnized at the home of Mrs. Small's sister, Mrs. J. J. Frey, 5961 Plymouth avenue, St. Louis, and will be a very quiet family affair, owing to the advanced age of Mrs. Small's father.

Immediately after the marriage Mr. Hall and bride will go to Tulsa, Okla., where the groom-to-be is engaged in business and which city will be their future home.

Mrs. Small, in her letter to Mrs. Maltby, stated it was her desire to have a number of personal Sedalia friends witness the ceremony, but that plan was abandoned on account of her father's feebleness.

Mrs. Small is a daughter of John L. Hall, in years gone by one of Sedalia's most influential business men, but now retired. Only last week she was in Sedalia visiting relatives, although few, if any, were aware of the contemplated matrimonial step.

During the world's fair at St. Louis Mrs. Small was in charge of the Missouri building at the fair grounds, where she made a legion of friends from all parts of the country, and the news of her approaching marriage will be learned with pleasure by all.

Mr. Hall was formerly a part owner of the J. D. Hall Dry Goods Co. in this city.

ARTHUR NEET IN COURT

Boy Who Threatened Suicide Unless
Girl Married Him.

Arthur Neet, a son of Col. John S. Neet, the auctioneer of 1612 South Prospect avenue, was arraigned before Justice J. B. Rickman today, charged with disturbing the peace in the vicinity of Eighteenth street and Harrison avenue.

The complaint stated that Neet was under the influence of liquor at the time. Neet entered a plea of guilty when arraigned and was given ten days in the county jail.

Later, however, the sentence was altered and he was fined \$1 and costs, which he made arrangements to pay.

Young Neet is the individual who recently created such a furore in the home of a Chillicothe, Mo., girl by threatening to commit suicide if she did not marry him.

INJURED AT THE SHOPS

Timber Fell, Striking Him on the
Back of the Head.

G. F. Edding, an M. K. & T. car builder, was painfully injured while at work at the shops at 9 o'clock this morning.

He was working near a scaffold, when a heavy piece of timber fell a distance of ten feet, striking him on the back of his head. He sustained a two-inch wound, necessitating the attention of a surgeon.

Edding was taken to the company hospital, where he was treated.

DEATH OF A PIONEER

Mrs. Elizabeth Sullivan Died at Home
This Forenoon.

Mrs. Elizabeth Sullivan, wife of Daniel Sullivan, a well known resident of Sedalia, died from general debility, following a year's illness, at her home, 602 South Osage avenue, at 9 o'clock this morning.

Mrs. Sullivan was a devout Christian lady, kind and loving to all, and as

devoted to her husband and children as any wife and mother could be. During her entire life she practiced acts of kindness and charity to those in distress, and it can truthfully be said that a good woman has gone to her reward.

Mrs. Sullivan was 75 years of age and had resided in Sedalia for more than forty years. Besides her husband, she is survived by four children, as follows: Mrs. E. C. McGurren, Mrs. Thomas Lavin and Misses Rose and Mary Sullivan.

Funeral services will be conducted by the Rev. Fr. Stanislaus Neiberg at Sacred Heart church at 9 o'clock Thursday morning. Burial will be in the Catholic cemetery.

Mrs. Sullivan was a member of the Catholic church and also belonged to the Altar society.

SETTLED THE CASE

M. D. JOHNSON ARRESTED LAST
NIGHT ON THE CHARGE
OF SEDUCTION.

MINNIE KELLEY WAS COMPLAINANT

This Forenoon Defendant Agreed to
Marry the Girl and Case Was
Dismissed—Judge Hoffman
Tied the Knot.

There is a case on trail—
Minnie Kelley and Dar Johnston—
You are forbid to print
and oblige.—Minnie Kelley.

The above information, written on a half sheet of note paper, was handed in at the Democrat-Sentinel counting room this forenoon by a man whose name is not known.

M. D. Johnston, better known as "Dan" Johnston, a young man employed at the Missouri Pacific round house, was arrested at 9 o'clock last night by Sheriff M. T. Henderson, at his boarding house, 922 East Third street, charged with seducing, under promise of marriage, Minnie E. Kelley, a landress, and daughter of Mrs. Mildred J. Kelley, a widow, of 1414 East Fifth street.

The warrant for Johnston's arrest was issued late Monday by Justice J. B. Rickman at the instigation of the girl's brother-in-law, W. G. Davidson, of that address.

Johnston was taken to the county jail and kept under guard of Sheriff Henderson until this morning, when Justice Rickman, acting on the recommendation of Prosecuting Attorney H. D. Dow, fixed his bond at \$500.

Immediately after his arrest Johnston retained Harvey T. Williams to defend him.

The offense is alleged to have been committed last October. Johnston denied that he had promised to marry the girl. Today, after consulting with his attorney and Prosecutor Dow, Johnston agreed to marry the girl, and secured a marriage license for that purpose. The ceremony was performed ten minutes later by Judge Louis Hoffman and the charge of seduction was dropped.

Johnston is 20 years of age, while his bride is said to be 19. His parents live at Cole Camp and are said to be well-to-do. He formerly worked as a farm hand for Harper Smith, north of Sedalia, but came to Sedalia some months ago, securing employment at the Missouri Pacific round house.

Johnston, owing to his youth, appeared exceedingly frightened when told last night that the sheriff held a warrant for his arrest, and for that reason he was permitted to sleep with Sheriff Henderson, instead of being incarcerated behind the bars.

When arrested, Johnston had almost \$200 in cash in his pockets.

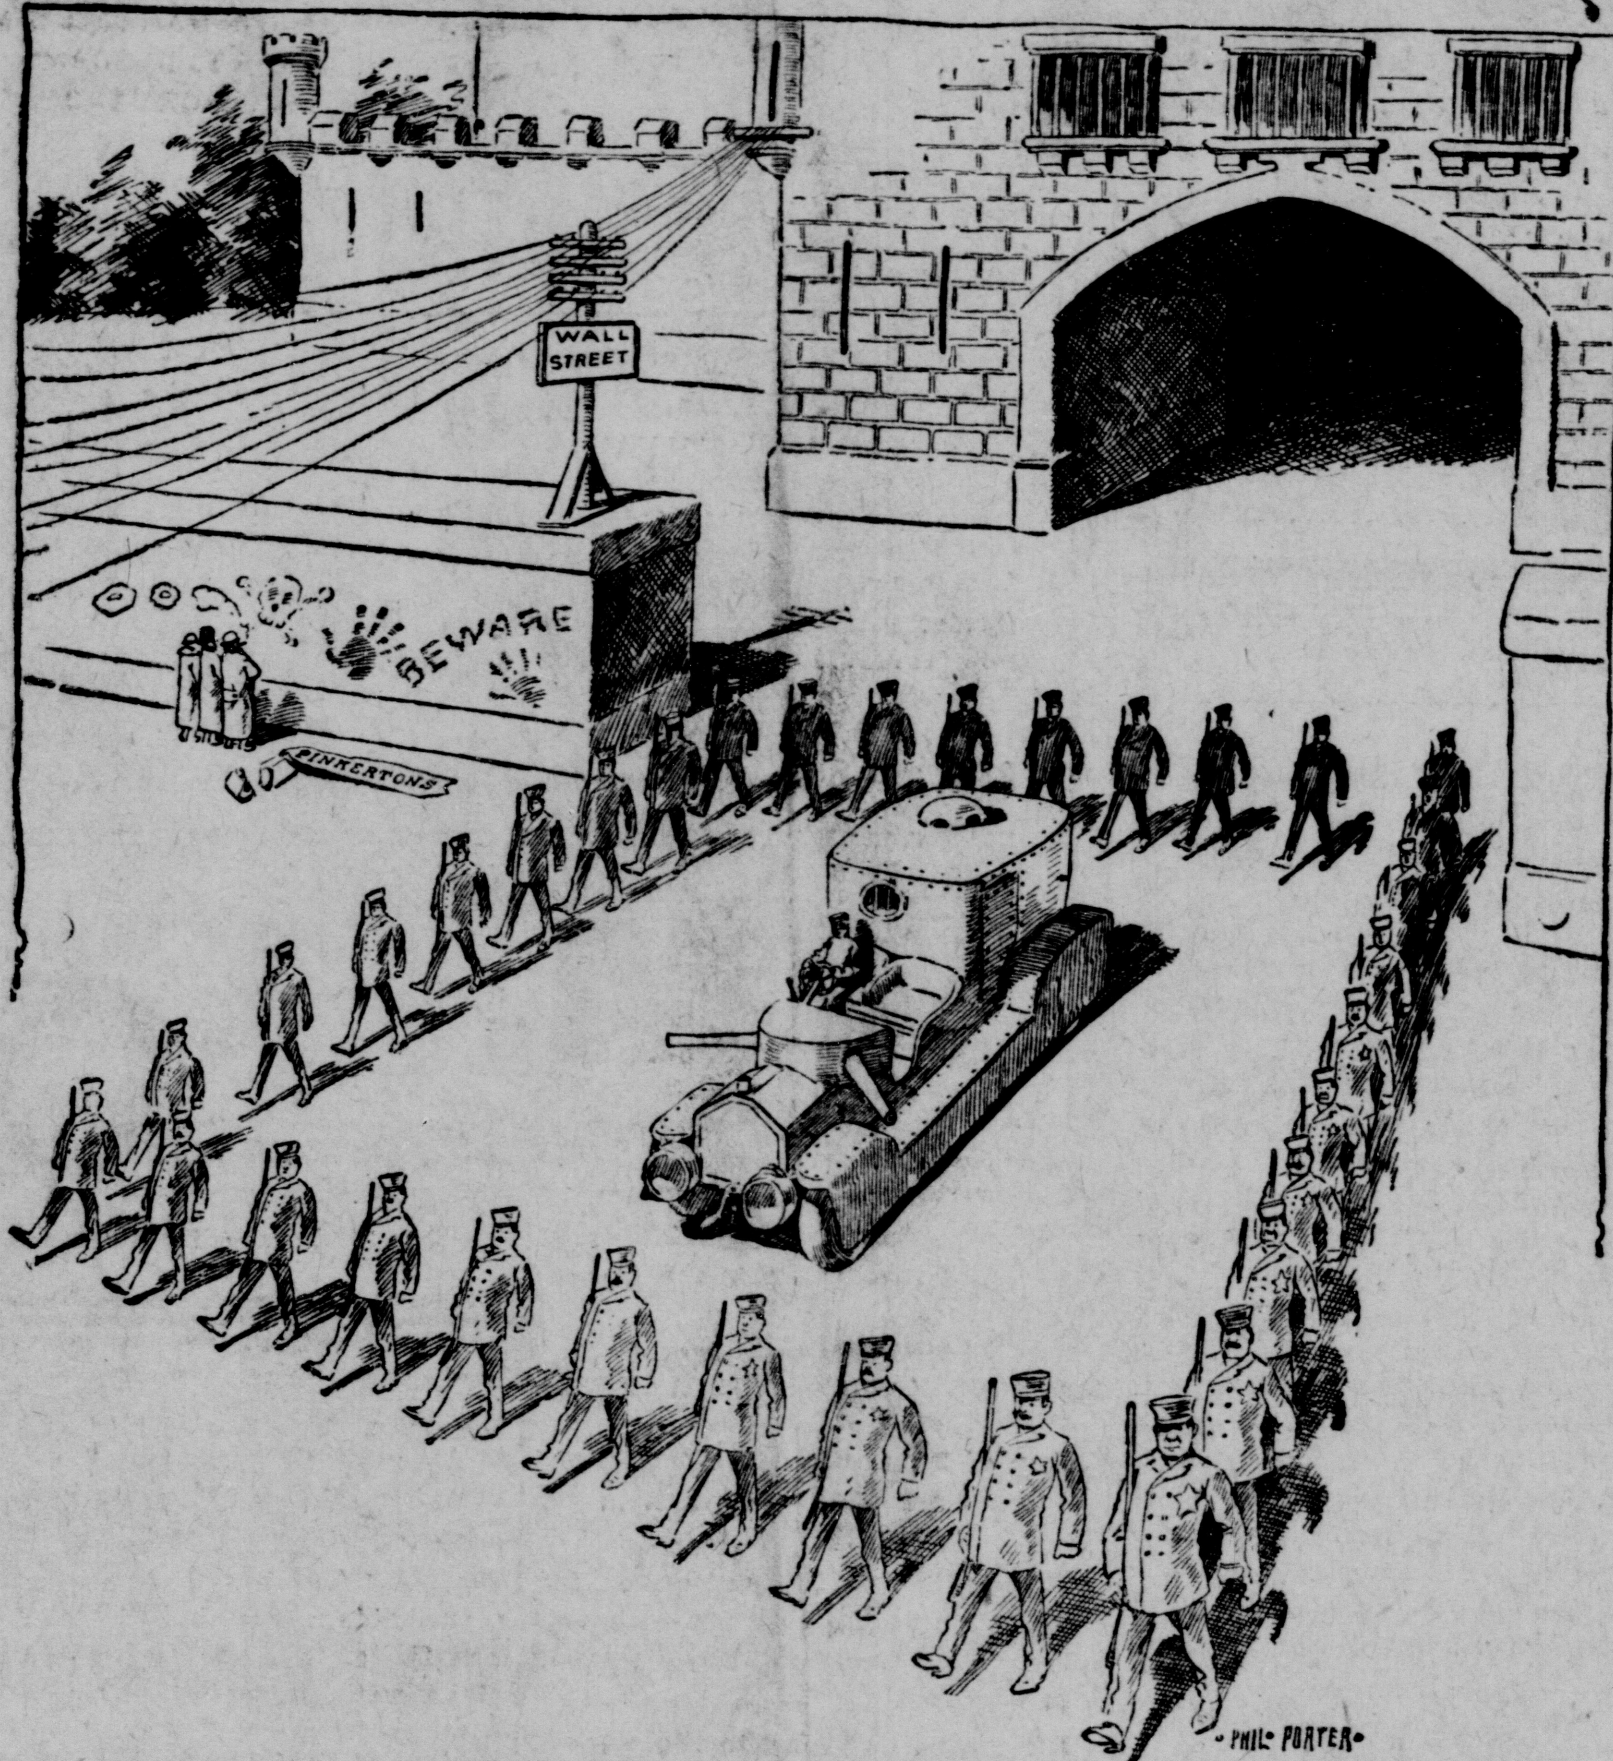

KATHERINE MUST PAY

Howard Gould's Ex-Wife Lost Suit for
Furs and Millinery Purchased.

New York, Jan. 25.—Katherine Clemens Gould will have to pay \$3,165 for furs and millinery purchased, although she claims such purchases were made before her separation and that Howard Gould should pay the bill.

The supreme court jury today found a verdict against Mrs. Gould for the entire amount claimed, with interest. Mrs. Gould receives \$30,000 alimony yearly from Howard Gould.

RAILWAY MAGNATE AND GOVERNOR
MET IN NEW YORK
CITY YESTERDAY.

FORMER CALLED ON THE LATTER

Within Two Years the Kansas Lines
and Equipment Will Be New,
the Railroad Owner Told
the Governor.

New York, Jan. 25.—George J. Gould, of the Missouri Pacific railroad, drove up to the Hotel Wolcott, just off Fifth avenue on Thirty-first street, yesterday and went to the clerk's desk.

"Is Governor Stubbs in?" inquired the railway magnate.

"Yes, sir," suite 309, replied the clerk.

Mr. Gould then telephoned the Kansas executive and in a few minutes they were in a conference in the governor's apartments. The conference lasted one hour and a half and after the first formal greetings it was all about the Missouri Pacific in Kansas. Mr. Gould was accompanied by a Mr. Chadbourne, who seemed to be one of his confidential men.

After the conference Governor Stubbs said:

"Mr. Gould promised to put the Missouri Pacific road in Kansas in as good condition and give as good service as any railroad in the state within two years. This time we both agreed was the shortest in which the work could be done without hampering the service too much. I know something about railroad business, as you perhaps know. The improvements specifically discussed include a number of new depots, better station service, especially where trains stop nights, new ballast, new rails in many lines, and in general to take better care of the patrons of the road throughout the state.

"We'll make the Missouri Pacific the equal of any line in Kansas," Mr. Gould repeated in closing the conference. Our talk throughout was in a kindly tone and Mr. Gould declared that he was anxious for co-operation of the state administration in putting the road on its feet. He asked me for suggestions, and I told him I thought it would be well for him to assign a man in whom he placed entire confidence to go over the road, stopping at each station and hold conferences with the patrons of the line, examine the facilities and hear what complaints there were.

"Turning to Mr. Chadbourne, Mr. Gould said: 'I believe that's a good

idea. We'll have that followed up.'" Governor Stubbs and Mrs. Stubbs left last afternoon at 5 o'clock for Kansas.

The Missouri Pacific Railway company has issued a statement to the effect that the result of the offer to stockholders of the \$29,800,000 convertible bond issue has been most gratifying, much the larger part of the issue having been absorbed thereby.

"This remarkable success under adverse financial conditions," the statement reads, "is most gratifying to the Missouri Pacific management and the directors feel justified in proceeding vigorously with the company's extensive improvement plan."

The Wall Street Journal last night says: "The Missouri Pacific will now

MURDERED A GIRL

JAMES K. HALL HAS CONFESSED
KILLING MISS ANNA SCHUMACHER LAST AUGUST.

HEAFTERWARDS ENLISTED IN NAVY

Admits Assaulting the Girl Before
He Took Her Life—Secreted
the Body and It Was Discovered
Next Day.

Rochester, N. J., Jan. 25.—District Attorney Widener, of this county, who has just returned from Portsmouth, N. H., confirms the statement that James K. Hall, confined there under sentence for fraudulent enlistment in the navy, has made full confession of the murder last August of Anna Schumacher, in the Holy Sepulchre cemetery, in the outskirts of Rochester.

Hall says he assaulted the girl before killing her and that after the murder he hid the body in the rabbit warren, where it was found the next day.

Word has come from Washington that the navy department has ordered the commandant of the Portsmouth navy yard to give Hall over to the civil authorities.

Hall enlisted in the navy at Columbus, Ohio. He had lived the life of a tramp and had served several prison sentences for minor crimes.

Wanted Here for Forgery.

Chief of Police W. H. Boulton left at 8:30 o'clock last night for Centra, Mo., to assume custody of J. M. Tipton, who was arrested there at the instigation of the authorities here, where he is wanted for forgery.

AN ARMY OF 67,000

EXPECT TO HAVE IT READY TO
TAKE THE CENSUS BY
LAST OF MARCH.

THERE HAS BEEN NO RUSH FOR JOBS

The Time Limit for Filing Applications Was to Have Expired Today, But Was Extended Till Next Monday.

Washington, Jan. 25.—Reports from all over the country having indicated that there has been no rush for jobs as government nose-counters, Census Director Durand has extended from today, the date originally set, to next Monday, the time in which persons desiring places as census enumerators may file their applications. The test of applicants will be made on February 5, as originally announced.

Census Director Durand emphatically states that persons desiring to hold such positions should not stand in fear of the "test" to be made.

Any person of average public school education who can write plainly and reasonably fast will go through the "test" with "colors flying."

In fact, the "test" is intended simply to help the supervisors pick suitable persons and to enable the director of the census to exercise intelligently his power of approval of those whom the supervisors designate for appointment.

It will involve the filling in of either a sample population schedule, by those who will make the count in the cities, or of both a sample population and agricultural schedule, by candidates who will enumerate the country.

Between February 5 and February 22 the supervisors will go through the "test" papers, satisfy themselves as to the qualifications of those who have passed, and make their designations or recommendations to the census director's approval, and then the supervisors will issue the commissions to the enumerators.

Director Durand expects to have the army of 67,000 or more enumerators picked, tested, designated and commissioned by the middle or latter part of March.

From then on until April 15 the supervisors will send the enumerators circulars and books of instructions concerning the meaning of the schedule questions and the way the enumerators should write in the answers obtained from the people of the country.

A BASEBALL STORY

IT WAS WRITTEN BY CHRISTY
MATHEWSON, OF THE NEW
YORK NATIONALS.

BOOK TO BE ISSUED NEXT MONTH

Tells of a Boy Who Comes to Leading
College of United States From
Other End of Continent and
Now Baseball Hero.

New York, Jan. 25.—Christy Mathewson, the great twirler of the New York Nationals, has been taking a whirl at the literary game, and has just put the finishing touches on a book which will entitle him to membership in the Amalgamated Association of Authors.

Those who have been so fortunate as to see Christy's manuscript as set that Mark Twain, Nick Carter, Henry James, Old Sleuth and the other old-timers of the literary league will have to look to their laurels, or Christy will fan 'em, sure. The R. J. Bodmer Co., of New York, will bring out Matty's book some time in February.

This will be the first of a boy's series of stories on sports, to be known as the Matty books. Associated with the Father of the Fadeaway in the preparation of the Matty books is W. W. Aulick, the sporting writer, who will act as editor of the various publications.

Matty, in speaking of his new position, says he hopes the official scorer won't mark up too many errors against him.

"I don't claim to be a Shakespeare in the literary league," says the Old King, "but I do believe I've got something to say to the boys that may interest them. I haven't hit on a name yet for this baseball story, and if any of the fans, old or young, think they have a happy title, I'll be mighty glad to hear from them at the office of my publishers, suite 608, 437 Fifth avenue. I think a good way to select a title would be to take the one a majority of the fans favor."

"The story is about a boy who comes to the leading college of the United States from the other end of the continent. He isn't very well off in money, but he has a natural ability for ball-playing, and this brings him something in the end."

"Maybe the readers will be able to trace a resemblance between the hero of the book and a certain young player who gets his name in the box score about every time the Yankees play a game of ball. I've written the story just as I've thought it out, and I think the campship games referred to would come out just as I've made them come out in the book."

"Oh, no, I shan't leave baseball myself just because I have become an author. I'll be in the game as long as they will let me stay."

WERE TAKEN TO THE "PEN"

Twenty-Seven Prisoners from Jackson County This Forenoon.

Twenty-seven Jackson county prisoners, occupying a special car, passed through Sedalia this forenoon on their way to the Missouri state penitentiary at Jefferson City, where they will begin serving their sentences.

James Gilwee, chief deputy marshal, was in charge. Ten guards accompanied him.

Among the prisoners was C. J. Murphy, given fifteen years for highway robbery. Murphy broke all records for that offense in Kansas City by executing three successful hold-ups in Jackson county in one night.

CHARLIE SCHMIDT, FORMERLY
CATCHER FOR SPRING-
FIELD MIDGETS.

NOW WITH CHAMPION DETROITS

Would Like to Become the Owner of
a Professional Club at Fort
Smith, Ark.—Get in West-
ern Association.

"Big Charlie" Schmidt, catcher for the American league champion Detroit Tigers, who, with "Skinny" Horton, used to play with the Springfield Midgets and almost always proved a "hoodoo" to the Sedalia team of the old Missouri Valley league, is written of as follows in a Fort Smith, Ark., dispatch of the 24th inst.:

Baseball for Fort Smith is still in a chaotic condition. Charlie Schmidt has been working hard to get a berth for the city in the Western association, but he is too wise to be caught with the chaff that will probably be offered him.

The franchise to be let is the one held last season by Pittsburg, Kan., or Springfield, Mo. The players of those teams are under contract, and Fort Smith will probably be asked to take one of them over, paying a substantial sum for the privilege. One of the franchises will probably go to Tulsa and Fort Smith has a chance at the other.

While there are some good players on each team, their experience last season has taken the heart out of them and they would be much better scattered than kept in a bunch.

In addition to that, Schmidt has a lot of likely fellows in view, who are anxious for a chance in an organized circuit and would do their utmost to make good and get the endorsement of Schmidt as an aid to getting into faster company.

Schmidt is now in correspondence with a man for manager who is a good ball player, and who has proven his ability at handling men and is a financier as well. There is a rumor that Arthur Riggs, who won the state league championship for Hot Springs in 1908, and managed Argenta last season, is anxious to place a team here.

Riggs has proved himself a fine judge of players. He can get excellent work out of his men, without regard to the materialization of the ghost, at stated periods, and has a personality that makes his men stand by him. Riggs is a friend of Schmidt and the two may unite, if the correspondence with the St. Louis man fails.

Schmidt is working purely in the interest of the game and not with any idea of personal profit. He expects the fans of this city to join him and provide a competent board to manage the club in his absence. He will report on March 15. His work will probably save the fans several thousand dollars.

The Pittsburg or Springfield franchise would probably be offered Fort Smithians for \$2,000. Schmidt won't pay it. The Western wants Fort Smith and would be glad to have Schmidt identified with it, and would let him have the franchise for a nominal sum. Information from Little Rock is that that city is out of it, so far as the Western association is concerned.

BOTH ARE NOW IN JAIL

William Murphy and J. W. Mecum,
Who Had a "Racket."

William Murphy, a railway bridge carpenter, was arraigned before Justice J. B. Rickman today, charged with abusing and disturbing the peace of J. W. Mecum.

The complaining witness was placed on the stand and requested to relate his tale of woe. He complied.

No sooner had he finished than Murphy was asked if he had anything to say in defense of himself.

"Nothing other than that this man is an inveterate liar," Then Murphy sat down.

"The sentence of the court is that you be confined to the county jail for a period of five days," Justice Rickman's melodious voice was heard to "ejaculate," and in custody of a deputy constable Murphy was taken to Hendersonville to serve the sentence.

Mecum, the prosecuting witness, some thirty minutes before, had been given an eight days' sentence for disturbing the peace. Justice Leaming imposed that sentence.

TO CRUSH A FREE PRESS.

The proposition to increase the
second class postage rates for the
ostensible purpose of reducing the
postal deficit is in reality an ingenious
effort to curb the energies of newspaper
and magazine "muck rakers" by
curtailing the circulation of the
public press.

Men high in authority in the legislative,
executive and judicial branches of
the government have been given
forcible demonstrations of the power
of the press in recent years. The
people have been awakened to a
knowledge of many iniquities of government
and the politicians have felt the
sting of popular disapproval.

These politicians who have suffered
exposure, together with the trusts
and other commercial and public utility
graffers that have felt the lash of
an aroused public indignation, would
like to take from the people their
time-honored heritage of a free press
and free speech if they dared.
Not daring to go so far, they propose
to put a tax upon the circulation
of the newspaper and other periodicals
that will drive the weak out of
existence and curtail the influence
of the strong. It is proposed to increase
the postage on newspapers
and magazines from three to four
times the present rates.

The publishers, of course, can not
stand this. They will either have to
go out of business or pass the burden
on to the public, in which case, as in
the tariff, the consumer pays the tax.
Either method will accomplish the
desired end of reducing the volume of
periodicals circulated and read by the
American people and reducing equally
the sum of their knowledge of the
shady doings of the politicians and
the grafters.

Were congress and the president
sincerely desirous of wiping out the
postal deficit they could easily accomplish
it by other means. It is
common knowledge that the railroads
are paid exorbitant rates for hauling
the mails—nine times, in fact the

rate for which they perform similar
services for the express companies.
Yet, the president is not heard urging
a reduction of the amount paid
the railroads to a fair, reasonable
basis.

The abuse of the franking privilege
is notorious. The mails are cluttered
with thousands of tons of "documents"
sent out as campaign literature,
for which the government receives
not a cent. The abolition of the
franking privilege alone would
probably wipe out the postal deficit
and create a balance on the right
side of the ledger, but none of the
statesmen who are so anxious to increase
the newspaper postage rate have
been heard to advocate this step.

The postoffice department could be
immediately put upon a money making
basis by the establishment of the
parcels post, a service for which
there is great need and practically
unanimous public demand, but no
such boon is granted to the people,
because it would cut down the enormous
profits of the express companies.

All of these reforms are passed by
and the responsibility for the deficit
shouldered upon the newspapers and
magazines. And yet Canada carries
newspapers in its mails for half a
cent a pound, just half of the existing
rate in this country, with only
one-tenth of our population.

But graft does not flourish in Canada
as extensively as in this land of
Big Business and Small Politicians,
and the muck raker has a lesser field
and the public a lesser need for his
activities.

Pennsylvania editors in their state
convention the other day "resolved"
quite commendably. One of the objects
of their disapproval is the insurance
graft, whereby the insurance companies
wring from the public such enormous
profits as to enable them to pay from
60 to 100 per cent dividends. The editors
advocated an investigation of the whole
fire insurance question by the legislature.
They also adopted resolutions to protest
against the proposition to increase the
newspaper postage rate. Altogether,
they did a good day's work away
from their sanctuaries.

The white light of publicity is shining
upon New York state republican
leaders with uncomfortable intensity
just at present. Lieutenant Governor
Horace White is exposed in scandalous
relations with insurance looters,
and Senator Allds, just elected floor
leader to succeed the late Senator
Raines, is charged by a fellow legislator
with having accepted bribes to
influence legislation. From this it
would appear that all the political
wickedness in New York is not confined
to Tammany hall.

A high tribute was paid to Representative
Henry T. Rainey, of Illinois, by
President Taft when he ordered the
Cannon crowd to throw him out of
the Ballinger investigating committee.
Mr. Rainey had once criticized
Brother Charley, and this, of course,
unfitted him from the Taft standpoint.
Furthermore, he is a man who can not
be "reached" or swayed from his
purpose, which makes him wholly
unfitted as a member of the Ballinger
whitewashing committee.

Mr. Taft is quoted as saying that
he hopes on his retirement from the
presidency he can point to things
done and not to a "record of noise
and fury and hypocritical demagoguery."
The report does not say that he was
looking at Teddy's picture when he
said this.

Deafness cannot be cured
by local applications, as they cannot reach the
diseased portion of the ear. There is only one
way to cure Deafness, and that is by constitutional
remedies. Deafness is caused by an inflamed
condition of the mucous lining of the Eustachian
Tube. When this tube gets inflamed you have a
rumbling sound or imperfect hearing, and when it
is entirely closed Deafness is the result, and unless
the inflammation can be taken out and this tube
restored to its normal condition, hearing will be

CONSPICUOUS IN A BALLROOM.

Flakes of Dandruff on the Collar and
Shoulders of a Gentleman in
Full Dress.

This is the thing you quite frequently
see in the ballroom—a man's
black dress-coat literally covered
with dandruff.

It must be annoying to the wearer,
and certainly not a pleasant thing to
observe. But dandruff can be eradicated.
It is a germ disease that will
some day cause baldness.

Newbro's Herpicide kills the hair-
destroying germ, and stimulates the
hair to a rich, abundant growth; it
does more—keeps the hair soft and
pliant.

Furthermore, Herpicide is a most
pleasant toilet accessory; of pleasing
odor, and cooling to the scalp.

Very Creditable Entertainment.

The Szikrosky Entertainment company
gave a very creditable entertainment
to an appreciative audience at
the First M. E. church last night
in the interest of local option. The
program, as previously printed in the
Democrat-Sentinel, was carried out,
pleasing all. The company went to
Green Ridge today.

"How Did He Propose?" is a remarkable

being humorous, serious, pathetic,
enlightening. "When Woman Forms a

numerous articles of value to the home,

Mexico, Mo., Jan. 25.—Several
stockmen of this section predict a
still higher rise in the price of meat.
They say the present high price of
corn will lead most of those with a
supply for feeding purposes to dispose
of it and not feed any more cattle

HADLEY THIEF CAUGHT

Convict Who Ran Away With Governor's Togs Found.

Jefferson City, Mo., Jan. 25.—Governor Hadley received a bit of good news yesterday. The convict who stole his dress suit and escaped from a guard at the executive mansion last August has been taken at Hartford, Conn., and will be brought back to the penitentiary to serve out his term.

This convict was booked as Chester J. Meyers, but he has a half dozen aliases. He was serving three years for burglary from Johnson county. Being a skillful electrician, he was taken by a guard to the mansion to overhaul the electric wiring. The guard left him alone and went out to smoke a cigar. When he returned the convict had disappeared with the governor's dress suit and a good derby hat. The striped suit and cap were left in their stead.

The convict was arrested by the police at Hartford for issuing worthless checks. An officer will be sent out to bring Meyers back.

MATTER OF WAGES

FOUR CONFERENCES IN CHICAGO ON DEMANDS OF RAILROAD EMPLOYEES.

THE INCREASED COST OF LIVING

Trainmen, Switchmen, Firemen, Enginemen and Telegraphers Seeking Higher Compensation in All Sections.

Chicago, Ill., Jan. 25.—Wage conferences between different classes of railroad employees and committees of the general managers' committee of the western systems were held in Chicago yesterday. The conferences which have to do with arbitration or other forms of adjudication of demands for increased wages on the plea of increased cost of living, may adjust or may render more complicated the railroad wage situation in the United States. The meetings are:

Meeting No. 1—Representatives of the Brotherhood of Locomotive Firemen and Enginemen, in Railway Exchange building, in session here for several weeks, and committee of the railroad managers. Adjustment of demands of employees for a general increase in wages. Possibly an amicable settlement or disagreement within a day or two.

Meeting No. 2—A committee of the Brotherhood of Railway Trainmen and general managers in Railway Exchange building; continued conferences, begun last Saturday. Thirty-five thousand men have asked for an increase in pay of 5 cents an hour. The trainmen are employed by forty-two western roads.

Meeting No. 3—Vice President S. E. Heberling, of the Switchmen's Union of North America, and Senior Vice President Carl R. Grey, of the "Frisco, met to select an umpire, who will attempt to settle the wage dispute of the Chicago lines and the men. Arbitration under the Erdman law has been decided upon at a conference with government officials in Washington, D. C. If the two officials fail to agree, Commissioners Knapp and Nell, federal mediators, will select the third member of the board.

Meeting No. 4—An arbitration board attempting to adjust the wage contention between the members of the Order of Railway Telegraphers and the Illinois Central Railroad Co., continued its sessions before representatives of the company and the telegraphers in the federal building. The negotiations are being conducted under the Erdman act.

Trainmen Receive Assurances.

New York, Jan. 25.—R. D. Slattery, in charge of the campaign of the Brotherhood of Railway Trainmen for a different wage scale on all the roads east of the Mississippi and north of the Chesapeake and Ohio, said yesterday that assurances had been received from all of the railroads that better conditions would prevail.

"The demands presented and refused last week were really for the purpose of securing a basis of negotiations," he said. "It was not expected they would be granted. But every one of the roads has asked for further conferences, and these are being held this week and will extend into next week. From these informal conferences will issue a wage and time scale, later to be officially presented in the name of the grand lodge of the Brotherhood of Railway Trainmen."

"All the railroads, by their answers to the individual delegations which waited on them, declared they would give higher wages. It now remains to determine by arbitration what those wages shall be."

Demand on Southern Lines.

Cleveland, O., Jan. 25.—Officials of the twenty-five railways in the Southern association yesterday received propositions from the Brotherhood of Railway Trainmen and the Order of Railway Conductors for wage increases and better working conditions, similar to those submitted to the roads in the Eastern association a month ago. Answers are due February 24.

W. G. Lee, president of the trainmen's organization, will be at headquarters here today in conference with his assistants, discussing pending negotiations. Arrangements are being considered for taking up the recent proposition with one representative road in the east. Not until the officials of the road are heard from will the program be arranged.

Mediator Neill Arrives.

Cincinnati, O., Jan. 25.—Charles P. Neill, United States commissioner of labor, arrived here late yesterday to act as mediator in the dispute between the Cleveland, Cincinnati, Chicago and St. Louis, or Big Four, railway, and its telegraphers. He immediately entered into conference with J. Q. Van Winkle, general manager of

the company. J. J. Dermody, fourth vice president of the Order of Railway Telegraphers, is expected to present the union's side of the controversy today.

Disputes between the Queen and Crescent and the Baltimore and Ohio Southwestern and the employees of these roads may also be submitted to Mr. Neill.

Find Rich Ore Deposits.

Ironton, Mo., Jan. 25.—After being abandoned for a number of years, the indications are that the old Iron Mountain mine will again be the scene of considerable activity.

Recent underground investigations have revealed deposits of ore which are thought to be more valuable than those of former days. The mine was abandoned because it was thought that the ore deposits were exhausted.

HURLS 3 TO DEATH

THE UNMANAGEABLE MACHINE TURNS SOMERSAULT DOWN EMBANKMENT.

THREE OTHERS INJURED MAY DIE

Motor Skids on Cliff Drive and Before Occupants Could Jump Plunges Over Brink—Fatal Railway Wreck.

Kansas City, Mo., Jan. 25.—Three persons were killed and three badly injured last afternoon when a motor car owned and driven by John Mahoney, a contractor of Kansas City, Kas., became unmanageable at Cliff Drive and Agnes avenue, and plunged over an embankment down forty feet into what is known as Cliff Drive canyon.

The dead: John Mahoney. Mrs. John Mahoney. Thomas McGuire.

The injured: John O'Connor, Nellie Mahoney and A. Mahoney, 7 years old.

Mr. Mahoney was driving his car around a curve on Cliff Drive, one of the most popular automobile boulevards of the city, when he momentarily lost control.

The car skidded and, before any of the six inmates could alight, the big machine went over the embankment and turned end over end, as it struck projecting stones and other obstacles below.

The machine was demolished and the victims badly mutilated. It is feared the injured will die.

One Killed; Two Hurt in Wreck.

Bloomington, Ill., Jan. 25.—A freight train on the Vandalla was wrecked by spreading rails near Mackinaw early yesterday, killing Engineer Patrick O'Brien, of Paris, Ill., and seriously injuring Frank Kissinger and Brakeman Ben Harris, both of Anderson, Ind.

WRITES 15 TIMES A DAY

Lieutenant Reed Sends Four Next and Then Six to Bride.

Liberty, Mo., Jan. 25.—Mrs. Allen B. Reed, wife of Lieutenant B. Reed, of the U. S. S. Albany, has received in the last three days, twenty-five letters from her husband; fifteen the first day, four the second and six the third day.

Lieutenant Reed got leave of absence last fall to get married, but immediately after the ceremony was ordered to Central America, at the beginning of the Nicaraguan trouble.

Mrs. Reed is here visiting the lieutenant's mother on her way to San Francisco to meet her husband, when he comes up from Panama.

Reed is a Liberty boy and was graduated from the Naval academy at Annapolis in 1903, and is the only member of that class who has yet been under fire.

Miss Stone a Lumberwoman.

Oronogo, Mo., Jan. 25.—Jasper county will probably have the distinction of sending the only woman delegate to the convention of the Southwest Lumbermen's association, which opens in Kansas City today for a two days' session.

The delegate is Miss Elizabeth Stone, manager of the Shelton Lumber yard in Oronogo. Miss Stone has had charge of the office since the death of her father about eighteen months ago. She is a graduate of the Carthage High school.

THREAD MILLS CLOSED

Suspension Following Small Strike Puts 2500 Out of Work.

Pawtucket, R. I., Jan. 25.—Twenty-five hundred textile workers were thrown out of employment yesterday when the five thread mills of J. & P. Coats, Ltd., were shut down for an indefinite period.

Last Thursday 125 back boys and doffers struck when they found that, under the operation of the new fifty-six hour law they were to receive pay only for the fifty-six hours work actually performed. Previously they had worked fifty-eight hours a week and had received pay for sixty hours.

This Free Remedy Helps Sickly Babies

Babies and children suffer mostly from the stomach. There is something wrong with the milk or with the eggs or with the minor articles of food, for it doesn't take much to disturb a child's stomach. One thing the mother can always be sure of and that is that no harm can come from giving a small dose of a mild laxative, for it is sure to be better off for it. You know your own feeling of lightness and ease when that function has been performed, so how much more important is it to the child?

Watch carefully that your child does not become constipated, for if it does not have at least one or two movements of the bowels each day it is constipated. From constipation comes headache, a feeling of oppression, bad breath, nausea, sour stomach, etc. In these troubles you can obtain nothing better than Dr. Caldwell's Syrup Pepsin. Give it in the small doses prescribed for children and watch the sickly child become healthy and well, full of appetite and energy.

Mothers all over this country have been using this remedy for a quarter

of a century and many heads of families like Mr. C. L. Lynch of Billingsley, Ala., and Mrs. Amanda Black of Laura, O., would not keep house without it. They have long ago discarded tablets, pills, salts and such things for the milder, more gentle and more effective Dr. Caldwell's Syrup Pepsin, which every member of the family, from the youngest to the oldest, can use with safety. It is in the homes of more families today than any other laxative, but if you have never used it Dr. Caldwell urges you to send him your name and address and he will send you a sample bottle free of charge. If its use convinces you that it is the remedy you have been looking for then buy it in the regular way of your druggist at fifty cents or one dollar a bottle, just as so many others are doing.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 509 Caldwell building, Monticello, Ill.

AMUSEMENTS

"The Girl From the U. S. A."

The new musical comedy drama, "The Girl From the U. S. A.," which is due at the Sedalia theater Friday night, carries the audience nearly 'round the world, as its scenes are laid in France, Turkey and China. It has an intense love story, a catchy type of comedy and delightful musical numbers that leave no place for

Scene From "The Girl From U. S. A." at the Sedalia Theatre Friday Night.

ennui all through the three acts. A capable company of singers and players and a bevy of pretty chorus girls in ravishing costumes, who have been receiving flattering press comments in other places visited, will give the piece its first performance here. The musical numbers are especially mentioned as affording keen pleasure.

At the Lyric.

The vaudeville team who came Sunday for a four days' engagement at the Lyric proved to be lemons and were closed by the management after the first performance.

The Comedy Klub Quartette, composed of local boys, filled the vacancy at the Sunday night performance and scored their usual big hit. Boothe and Boothe, who came yesterday and

opened last night, were well received and reaped a harvest of applause. The team is composed of two boys in their teens who do a comedy juggling act.

Expect Prosperous Year in 1910.

Kansas City, Mo., Jan. 25.—Good crops, high prices and general prosperity, unexampled in the history of the southwest, are predicted by the leading lumbermen of Kansas, Missouri, Arkansas and Oklahoma, who are here today in large numbers in attendance at trade conventions.

STOMACH MISERY

Get Rid of That Soreness, Gas and Indigestion.

When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas which causes soreness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms.

Mio-na stomach tablets will give joyful relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one.

You can't be very strong and vigorous if your food only half digests. Your appetite will go and nausea, dizziness, biliousness, nervousness, sick headache and constipation will follow.

Mio-na stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms or money back.

Fifty cents a large box. Sold by druggists everywhere and by W. E. Bard Drug Co.

For constipation there is no remedy so satisfying as Booth's Pills—25c. Try a box and you will say you have found the ideal laxative at last.

A PAIR OF SHEARS FREE

Democrat-Sentinel's Liberal Offer to Readers—Egg Beaters Given, Too

Many people took advantage of the Democrat-Sentinel's offer of a pair of fine shears or an improved spiral egg beater today. Some took the shears, others the egg beaters. They came to the office, examined the gifts and made their selection before paying for the paper, which is exactly right—the very method the Democrat-Sentinel wants every one to use before accepting the offer. Those who have made their selection were astounded at the value of the premiums.

The shears retail at 75c, are guaranteed, and never dull, the patent tension on them preventing this, and also rendering them capable of cutting anything from the tiniest paper to heavy, thick fabrics. They are indeed a very splendid and useful gift.

The egg beaters beat anything you ever saw in the egg beater line. By a simple up and down motion the beater is operated so that it does its work perfectly and in much less time than the old method.

Either of these very desirable gifts to any one subscribing for the Democrat-Sentinel for three months, payable (\$1.25) in advance. The Weekly and Sunday Democrat-Sentinel only one year \$1.00, receives either a pair of shears or an egg beater. The Democrat-Sentinel for six months and a National Fireless Cooker for \$5.00, cash with order.

PRICES DOWN IN NEW YORK

Milk, Eggs, Butter and Meat Felt the Effects of Agitation.

New York, Jan. 25.—Milk, eggs and butter led the procession of receding prices in food products here today. Nation-wide agitation, aided by potent local influences brought about the drop. Meat, too, is on the decline, following the greatly reduced consumption.

State anti-monopoly laws are to be invoked in the movement to combat the trusts that have advanced the food prices. Today a special grand jury, whose particular office it will be to consider the effect of combinations among dealers in food stuffs was sworn in.

WANT HOT STUFF

ONE-FOURTH OF POPULATION OF TOPEKA HIT BY CHILI CON CARNE "FAD."

INTRODUCED TWELVE YEARS AGO

W. B. Warren, "the Original Chili Man," Opened Place on Fourth Street and Dealt Product Out Gratis to Introduce It.

Topeka, Kan., Jan. 25.—Topeka people are now clamoring for hot stuff. They have gone wild over chili con carne. It is estimated that every day one-tenth of the population eats chili. And all this has come about within a comparatively short space of time.

A matter of slightly more than a dozen years ago this peppery article of diet was something which had been told of but not seen. A number of persons claim to have been the original cause of the present fad, but possibly the man who had more to do than any one else toward establishing the habit is W. B. Warren, "the original chili man of Topeka."

Twelve years ago Mr. Warren opened a little chili room on East Fourth street, and for several days, as a matter of education, he dealt out chili, gratis, to hundreds of people to get them used to it.

In making the rounds of the chili rooms—there are about thirty-five of them in the city—some interesting facts were gleaned. A rough estimate of the number of persons that eat chili every day is 5,000. This would mean an average of about 150 persons served at each restaurant where chili is sold.

The school children are the largest consumers of the red hot relish, some of them indulging in several dishes a day. The clerks come a close second and the women are not far behind. It has been a matter of education, and at first the latter, especially, progressed with caution, but "ast three dishes and they are wild over it," was the way one woman expressed it, who presides over the making of an excellent brand of the article.

From 7 to 9 o'clock in the evening is perhaps the busiest time of the day for those who sell the "hot stuff," and the trade again becomes brisk after the theater, although during the entire afternoon there is much chili sold. A great deal of chili is sent outside of the lunch rooms.

Perhaps the place where the craze is most apparent is among the telephone girls, who send out for the Mexican concoction at all times of the day. There seems to be no letting up to the fad.

It was stated that after the theater nine out of ten women who go into a certain theater call for chili. The women were rather cautious in learning the habit. "Possibly the first time she won't eat," said one who is in a position to know. "The first

Some Very Old Letters.

J. W. Harding, the Fifth street livery man, is in possession of some curiosities in the form of letters written from the front during the civil war from his father-in-law, B. B. Hoback, to the family at home. The letters are written on note paper decorated in colors with union symbols and union sentiments. One has a picture of General McClellan with the words "Stand by me and I'll stand by you." Another has the head of W. G. Brownlow, the "fighting parson" of Tennessee, with an extract from one of his anti-slavery speeches. Altogether, the letters breathe the spirit of patriotism so prevalent in the days of '61.

MURDER AND SUICIDE

Woman's Hand Clutches Revolver,
Man Dead, Gold on Floor.

Seattle, Jan. 25.—When the door of the hotel apartment of Charles O. Tucker, proprietor of a large furniture store, was forced open yesterday, a plain story of murder and suicide was found in the position of two bodies in the room.

Tucker was dead on the floor, a bullet wound in his heart. Miss Elvira M. Bunkleman, a young woman with whom Tucker had spent much time in the last two years, was lying dead beside him, a bullet hole in her brain.

The woman was clothed fully in street attire. Her ungloved right hand still clutched a small pistol. A \$10 gold piece lay on the floor.

The shooting occurred last Friday night. Tucker came to Seattle ten years ago from St. Louis.

J. C. Bullock will guarantee Vigor hard wheat Flour.

APRON FLAGGED TRAIN

Rural Telephone and Farmer's Wife
Rectify Operator's Error.

Atchison, Kas., Jan. 25.—A rural telephone line assisted in averting a collision between two trains near Effingham.

Operator Mann, at Effingham, had received orders to have two trains meet at that point, but it is said neglected to put out the signal to hold one of the trains.

After the train from the east left Effingham, Operator Mann remembered it should have taken the side track there.

The telephone line was utilized and the wife of a farmer answered the call. She went to the track and flagged the train with her apron. The operator has been discharged.

STARTED A RUN ON A BANK

Depositors Became Frightened When
President Resigned.

Mexico City, Jan. 25.—A run on the United States Banking company of this city started an hour before the close yesterday. Twenty accounts, aggregating 200,000 pesos, were withdrawn.

Officials in charge declare the institution is solvent.

The run started when it became known that George I. Ham, the president, had resigned. Depositors were paid in full as fast as checks were presented.

It was rumored last night that the run would be resumed today, in spite of assurances given last afternoon that the institution is able to pay dollar for dollar.

Run Continued Today.

Mexico City, Jan. 25.—A run on the United States Banking Co. of this city, beginning an hour before closing time yesterday, was resumed this morning, and at noon it was estimated that 1,000,000 pesos, equivalent to \$500,000 in United States money, had been withdrawn.

Two hundred depositors were in line and all were paid promptly. Paying Teller Forsythe says that every demand will be met.

Other banks of the city are prepared to meet the emergency of a sympathetic run, but up to this morning none such occurred. It is reported that any loss sustained by the United States Banking Co. will fall on the stockholders only, and it is not believed that the trouble will spread to other financial institutions of the city.

SAD STATE SHE WAS IN

Mrs. G. H. Smith, of Abbottsburg, in a Sad State—Has Written She Almost Wanted to Die—Now Feeling Better.

Abbottsburg, N. C.—"I suffered greatly, every month," writes "G. H. Smith, of this place, and have done so at times, ever since I was fifteen years old.

"At one time my suffering was so great I almost wanted to die, and when my baby came I was very sick for twelve long hours. I thought sure I would die and my baby die. So I decided to take Cardui.

"The first bottle did me so much good that I have used it ever since. Now I have three fine babies, and am never sick over three hours since I began to take Cardui."

At all times of pain and weakness, you should take Cardui, to help revive your flagging forces, drive away the pain, and restore the balance of true health.

When the health part of the scale is too light in the balance, a little Cardui will soon tip the beam the right way.

The reason is, that it is a specific remedy, prepared to assist the proper working of the woman's organs—while experience shows that it is successful, and has been so for over 50 years.

Pure, strictly vegetable, perfectly harmless, Cardui is an ideal remedy for delicate, ailing women.

It is the report of John E. Walker, license collector, submitted in 1828. Licenses were issued that year to seventy-four merchants, seventy saloon keepers, three billiard hall proprietors, two auctioneers, two ferries and one peddler.

HEAD OF THE NAVY

SIR EDWARD K. WILSON TODAY
BECOMES THE FIRST SEA
LORD OF ENGLAND.

SUCCEEDS ADMIRAL JOHN FISHER

The New Man Is Known Popularly as
"Tug" Wilson, and Incident-
ally as England's Very
Best Sailor.

London, Jan. 25.—By appointment of King Edward, Sir Arthur Knivet Wilson, "the human Dreadnought of the British navy," today becomes first sea lord of the British admiralty, succeeding Admiral John Arbuthnot Fisher, who was recently made a peer and formally retired from the admiralty today.

It is believed that the appointment of the new sea lord will go far toward calming the scare over Germany's fast growing navy and Emperor William's utterances about it.

Admiral Wilson is known popularly as "Tug" Wilson, and as "England's best sailor." He is strong, silent, inflexible of will. He is a hard man, has been hard on his men, a rigid disciplinarian, but whenever dangers have had to be met he has led. English experts regard him, of all the admirals of the world, as master of the art of naval war.

Sixty-eight years old, the new sea lord is incapable of fatigue, a tremendous worker. He has seen as much active service as any man in the navy.

His latest posts were as commander in chief of the home and channel fleets. On the eve of his retirement two years ago, the king made him admiral of the fleet, a position equivalent to that of field marshal in the army. It kept him on the active list.

As a twelve-year-old "midshipmite" Sir Arthur served in the C. Meane war of Sebastopol. In 1854 he took part in storming the Taku forts in China. He served in the Egyptian campaign of 1882.

In the Sudan campaign of 1884 Sir Arthur, at the battle of El Teb, on the Red Sea coast, won the coveted Victoria Cross by a splendid feat of bravery. Under a fierce charge of the dervishes a corner of the square in which the naval brigade was serving yielded. Wilson sprang into the gap and held it single-handed. His sword snapped and he fought with his fists, bowling over dervishes one after another. Marvellous to relate, he was only slightly wounded when soldiers and sailors filled the gap and repelled the dervishes.

Three Boys, Who Died in Youth,
Made Family of Twenty Sons.

Fulton, Mo., Jan. 25.—At the grave side of Chris Sundermeyer, a farmer, who was buried in Hart Hill cemetery, in the southern part of Callaway county Sunday, were his mother and sixteen brothers.

The Sundermeyer family Bible shows three sons died in youth.

Every one of the brothers votes the straight democratic ticket.

Baby Girl Speaks Hindu.

Marceline, Mo., Jan. 25.—Although little Katherine Porter is very much American, she nevertheless speaks the Hindu language more fluently than she does English.

This is on account of the fact that her father and mother, Mr. and Mrs. William Porter, have been missionaries in India, where Katherine was born and spent most of her time during the past three years. Mr. and Mrs. Porter are here for a visit.

CLEANS YOUR KIDNEYS

DIRTY KIDNEYS ARE THE DIRECT CAUSE OF LAME BACK AND BLADDER MISERY.

BLADDER AND URINARY MISERY GOES

Backache Vanishes After Taking a Few Doses of Pape's Diuretic—Your Out-of-Order Kidneys Will Act Fine, Ending Bladder Trouble.

If you take several doses of Pape's Diuretic, all backache and distress from out-of-order kidneys or bladder trouble will vanish, and you will feel fine.

Lame back, painful stitches, rheumatism, nervous headache, dizziness, irritability, sleeplessness, inflamed or swollen eyelids, worn-out, sick feeling and other symptoms of sluggish, inactive kidneys disappear.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system and distributes its healing, cleansing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder or feel rheumatism pains, begin taking this harmless medicine, with the knowledge that there is no other remedy at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment means clean, active, healthy kidneys, bladder and urinary organs—and no backache.

Accept only Pape's Diuretic—fifty-cent treatment—any drug store—any

A DROP IN BUTTER

ELGIN, ILLINOIS, MARKET QUOTATIONS FALL 6 CENTS YESTERDAY.

SLUMP IN RETAIL COST IN ORDER

Dairy Product Believed to Have Been Eliminated from Many Tables, Bringing About the Decline in Price.

St. Louis, Mo., Jan. 25.—Butter broke in price yesterday among the wholesalers, and by today some reduction to the consumer is expected, although dealers may make a strong effort to unload what they have on hand before cutting the price.

On the Produce exchange there was considerable of a flurry when the butter market showed signs of coming down materially in price.

The first decided drop was quoted to the local exchange in telegrams from Elgin, Ill., butter market headquarters of the United States, where there was a drop of 6 cents a pound shortly after the market opened yesterday morning.

It is said this is the biggest drop ever recorded on the butter market. From 38½ cents the price went down to 32½ cents.

St. Louis dealers said last night the most plausible explanation for the drop in butter is that among the people who are protesting against the high cost of living many have banished butter from the table as being one of the easiest features of the menu to dispense with.

"I am not surprised," said one dealer last night. "I have been looking for it for several days. The creameries were working full time, but the butter was not moving. St. Louis dealers found it difficult to get rid of the usual amount, and many of them took the hint and reduced creamery orders, so that the slump in prices comes with their supply nearly disposed of."

Beef in St. Louis shows no signs of a drop, but mess pork, always regarded as a sort of provision price barometer, dropped about 75¢ a barrel yesterday in Chicago. The general strike recently declared against high prices was first directed chiefly toward the high price of beef, and these reductions in butter and pork are figured to be the result.

The proprietor of several shops in the west end stated last night that the prices of the day were 17½ cents for round and 22 cents for sirloin and tenderloin steaks. Porterhouse and pork tenderloins he quoted at 30 cents.

J. B. Conroy, business agent and delegate of Local Union No. 6 of the International Brotherhood of Stationary Firemen to the Central Trades and Labor union yesterday fell off the anti-meat wagon when he ordered a juicy sirloin steak in Senator Thomas E. Kinney's cafe.

Conroy's union last week unani-

A NOBLE RECORD

Of many hundreds of thousands of cures forms a well sustained basis for every claim put forth by the makers of DR. PIERCE'S GOLDEN MEDICAL DISCOVERY as a remedy for many of the troublesome affections which afflict mankind; yet it is not extolled as a "cure-all" by any means. No extravagant promises are flaunted before the public to arouse false hopes in the afflicted. Your neighbors probably know of some of its many cures; ask them.

Through strengthening and arousing the stomach, liver and bowels into vigorous action, digestion is promoted, whereby the blood is enriched and purified, disease-producing bacteria destroyed and expelled from the body, and thus a long list of skin, scrofulous and kindred affections are overcome and sound, vigorous health established.

The "Discovery" contains no alcohol and no habit-forming drugs, and has its every ingredient printed on its wrappers. This OPEN PUBLICITY places it in a class distinct from the ordinary secret nostrums with which it has no relationship. Physicians, therefore, do not hesitate to prescribe it in bad cases of indigestion, torpid liver or biliousness and in skin and blood affections. People of intelligence and keen discernment employ it. The "Discovery" is a pure glyceric extract of native medicinal roots of great curative potency, and can in no case do harm to either child or adult. The aged find it a great invigorator.

You can learn more about this time proven and popular "Discovery" from the People's Common Sense Medical Adviser, by Dr. R. V. Pierce, a newly revised, up-to-date edition of which is now offered, in cloth covers, post-paid, for 31 cents in one-cent stamps, to cover cost of mailing only; or in paper covers 21 cents. Keitel and Fay Only Two Held in Denver Land Case.

Denver, Col., Jan. 25.—Federal Judge Triebel late yesterday dismissed all of the defendants in the alleged Routt county coal land fraud case, with the exception of F. W. Keitel and Franklin P. Fay.

The defendants who were dismissed were Lewis F. Rumsey, of St. Louis, Charles H. Dodge, Charles Haberbeck and Gus Haberbeck.

The court held that the government had not presented sufficient evidence to justify him in holding any of the defendants other than Keitel and Fay.

MAY CLAIM TOWNSITE

Original Deed to Missouri Tract is
Found in Old Trunk.

Dublin, Ind., Jan. 25.—J. N. Taylor,
a newsdealer of Upland, north of here,
is engaged in tracing the whereabouts
of twenty-five heirs to a 1200-
acre tract of valuable land located in
Dent county, Mo.

In 1870 the deeds to the land were
deposited in an old trunk belonging
to Taylor's father. The elder Taylor
died fourteen years ago. Not long
ago, while rummaging through the
trunk, the deeds were brought to
light.

A town now occupies a portion of
the land, but aside from this fact the
land is valuable on account of its
mineral deposits, being located in the
Ozark zinc district.

An attorney is at present in Mis-
souri investigating the property, with
a view of reclaiming it for the heirs.
Much of the land is now said to be
held by squatters.

CAT SHOW IS OPEN

THE AMERICAN CAT ASSOCIA-
TION AND THE BERESFORD
CLUB IN CHICAGO.

'TOMS' AND 'MARIAS' OUT IN FORCE

Claimed the Care of Pet Animals, Es-
pecially of Felines, Has a Quiet-
ing and Beneficial Effect
On the Insane.

Chicago, Jan. 25.—Several hundred
cats, representing all breeds, but with
fine-haired and blue-blooded Persians
predominating, assembled today in
the Coliseum Annex to begin the
greatest feline congress ever held in
the west.

The American Cat association and
the Beresford Cat club are in charge
of the convention of the Toms and
Marias—although, so far as could be
learned, there isn't a feline bearing
either of those names in the assem-
blage.

That the care of animal pets, es-
pecially cats, has a quieting and ben-
eficial effect on the insane was the
statement made by Mrs. Clinton
Locke, vice president of the Ameri-
can Cat association.

"I firmly believe that the care of
animals, particularly such decorative,
lovely pets as cats, will soothe the
troubled minds of the insane," said
Mrs. Locke.

"For that reason, and because this
opinion is advanced by friends of
mine interested in the care of the
insane, I have sent one of my finest
animals, a beautiful white female, to
an asylum in Pennsylvania, where a
test is being made of this use of pet
animals and birds.

"Cats are better than dogs. They
are cleaner, they will stay at home
and do not need constant watching.
They are more useful, and then they
are so much quieter.

"Now, a cur dog is always a cur
dog, and can never be made anything
else. But you take a real scrub cat,
feed it, brush it, and pet it, and the
dear creature will look like a beauti-
ful painting. A dog is always a dirty,
untidy thing."

THE SHIP SUBSIDY BILL

Now Receiving Final Consideration
by Committee.

Washington, Jan. 25.—The adminis-
tration ship subsidy bill introduced by
Representative Humphrey, of Wash-
ington, is now being finally consid-
ered by the committee.

Representative Spight, of Missis-
sippi, democrat, having led the anti-
ship subsidy bill twice to victory, will
again present the minority report,
carrying the fight to the floor of the
house.

President Taft is strongly urging
the legislation and the Humphrey bill
is said to embody in full the views
of the administration upon the sub-
ject. The bill will probably pass.

The Trust Merger Completed.

New York, Jan. 25.—The merger of
the Morton and Fifth Avenue Trust
companies with the Guaranty Trust
company was completed today when
the stockholders of the latter com-
pany met to ratify the increase of the
capital stock to \$5,000,000 and elect a
board.

Levi P. Morton was selected as
chairman of the new board. The
new company has a surplus of \$21-
600,000 and deposits of \$126,000,000.

Despair and Despondency

No one but a woman can tell the story of the suffering, the
despair, and the despondency endured by women who carry
a daily burden of ill-health and pain because of disorders and
derangements of the delicate and important organs that are
distinctly feminine. The tortures so bravely endured com-
pletely upset the nerves if long continued.
Dr. Pierce's Favorite Prescription is a positive cure for
weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain.
It tones and builds up the nerves. It fits for wifehood
and motherhood. Honest medicine dealers sell it, and
have nothing to urge upon you as "just a good." It
is non-secret, non-alcoholic and has a record of forty years of cures.
Ask YOUR NEIGHBORS. They probably know of some of its many cures.
If you want a book that tells all about woman's diseases, and how to cure
them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing
only, and he will send you a free copy of his great thousand-page illustrated
Common Sense Medical Adviser—revised, up-to-date edition, in paper covers.
In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

sented to the bride-to-be, after which
dainty refreshments were served.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and
Ambition Slipping Away.

Sedalia women know how the aches
and pains that come when the kid-
neys fail make life a burden. Back-
ache, hip pains, headaches, dizzy
spells, distressing urinary troubles,
all tell of sick kidneys and warn you
of the stealthy approach of diabetes,
dropsy and Bright's disease. Doan's
Kidney Pills permanently cure all
these disorders. Here's proof of it in
a Sedalia woman's words:

Mrs. J. N. Elmore, 501 E. Third
St., Sedalia, Mo., says: "A dull pain
in my back and shoulders made me
miserable and I was so lame at times
that to arise from a chair or to stoop
was an extremely difficult operation.
A weakness of the kidneys also
caused me great annoyance and I be-<

NEWS OF THE RAIL

CHAIRMAN THOMAS RESIGNS BECAUSE OF CHARGES OF FRAUD.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

As the result of charges which have been made against him, Ben Thomas yesterday resigned as chairman of the Chicago General Managers' association, and his resignation was promptly accepted by the executive committee.

Mr. Thomas protested his innocence of any complicity in the alleged defrauding of the Western Indiana Railroad company out of nearly \$1,000,000 and placed his resignation on the ground that he did not wish to embarrass the association.

It is understood that although Mr. Thomas was not forced to resign, he was told by a friend that it would be best for him to do so.

The resignation of Mr. Thomas also covers a position as chairman of the Association of Western Railways, which is the organization under which the railroads deal with labor problems.

E. B. Pryor, of St. Louis, vice president of the Wabash, temporarily president of the Western Indiana, went to Chicago yesterday. Mr. Pryor said:

"There is absolutely nothing new in connection with the affairs of the Western Indiana and no significance should be attached to my visit here. Naturally, so long as I am president I want to have a hand in running the affairs of the road. I cannot state whether or not a change of officials will be brought about at the quarterly meeting to be held February 1."

About fifty witnesses were taken into the state's attorney's office yesterday to be questioned concerning the alleged misappropriation of \$850,000 from the Chicago & Western Indiana railroad by John C. Fetzer, Benjamin Thomas and Charles R. Kappes. Walter L. Fisher, attorney representing the railroad, and state's attorney's assistants said they expected to finish the investigation today.

Gould Company Is Dropped in West.
From the officers of the American Express company came the announcement Monday that on April 1 that company will supersede the Pacific Express company on the Union Pacific railroad.

This change means the establishment of about 1,000 new offices by the American and the extension of its business to the Pacific coast.

Western headquarters will be established at Salt Lake City, and an assistant general manager will be stationed at Portland to give special attention to Pacific coast business.

The Pacific Express company, it was said, lost its privileges on the Union Pacific railroad because of a contract with the new Western Pacific, a competing line.

Harry Phelan, switchlight inspector for the M., K. & T., made a business visit at Hyattsville, Kan., today.

C. M. Hunt, trainmaster for the Missouri Pacific, was a westbound passenger on train No. 37 this morning.

C. J. Gray, a Missouri Pacific engineer, is suffering from an injured left eye, the result of a foreign body lodging in it.

SALOON THOUGHT NO. 300.

Mr. J. R. McWane, vice president of the American Cast Iron Pipe Co., of Birmingham, Ala., says this in regard to prohibition: "We work 500 men, 90 per cent of whom are negroes. I confess that I am surprised myself in looking up the data of our improvement under prohibition. Our men lose 40 per cent less time as results of accidents than formerly. Instead of idling around, drawing half pay and nursing their injuries, they are at work earning full wages. Prohibition has helped to relieve us of the garnishment evil. Our time-keeper reports there is a 65 per cent decrease in this respect. The laborer has to have some necessities of life and he either goes in debt for this or goes to the loan sharks and the results are garnishment and the employer must advance the man's money or discharge him. This is the thing that has been reduced 65 per cent and cannot be solved here with open saloons. The day I am writing this is Thursday, the day after pay day. The foremen reports plenty of men and our time-keeper states that out of 125 negroes only two are out today. If the saloons were open we would either be badly handicapped or unable to operate at all. To sum up, we find that the productive capacity of each man has increased 40 per cent and that "BAD work" has decreased 80 per cent. The men are easier controlled and there is a better spirit throughout the ranks. I don't care what they say about prohibition in Maine and Kansas, but I know what it is doing for our industry in Alabama. This is not a theory, but facts as we find them."

—ANTI-SALOON LEAGUE.

Col. A. C. Miner, traveling passenger agent for the Katy, made a business trip on the north end of the road today.

Harry Tieman, a clerk for J. C. Cordes, resigned today to take a position as a pipe fitter at the Missouri Pacific shops.

William Walker, a Missouri Pacific shop employe, is suffering from an injured left eye, the result of a foreign substance entering it.

A. A. Krausse, general claim attorney for the M., K. & T., and A. R. Thickett, claim agent, came in from St. Louis today on business.

The ladies' auxiliary to the Order of Railway Conductors will give a euchre at the Knights of Pythias hall, on East Fifth street, Thursday afternoon.

Charles McEniry, jr., employed as a stenographer at the M., K. & T. offices, will return on the Katy Limited today from a day's visit with Francis McGlinley at Jefferson City.

J. W. McClain and W. B. Shirk, of the Missouri Pacific, were passengers to Kansas City this afternoon. From there they will go to Springfield, Mo., to attend the industrial congress.

"Vic" Johnson, a former Sedalian, who is now employed by the M., K. & T. in Oklahoma, and who has been visiting relatives and friends here, went to Clifton City today to visit.

W. H. Hall, of Denison, Texas, assistant superintendent of telegraph, and E. E. Wilson, of the same department, were here Monday on business, and returned home last night.

A. C. Davis, formerly a stenographer in the office of Superintendent N. J. Pinney, of the Katy, in this city, but more recently employed in the office of T. S. McDowell, superintendent of transportation for that road at Denison, Texas, is now employed in the office of A. D. Bethard, assistant general manager, at Dallas.

FORMER BANKER FREED

Pardon Board Says It Was Only Keeping Faith With Him.

Joliet, Ill., Jan. 25.—Paul O. Stensland, convicted president of the wrecked Milwaukee Avenue State bank, and Henry W. Hering, cashier of the bank, were released from the penitentiary yesterday. It was decided by the state board of pardons to release the two prisoners on parole. The decision of the board was announced last Thursday.

Stensland appeared to be in poor health and walked with difficulty.

Taken to Hospital.

Chicago, Jan. 25.—Upon Stensland's arrival here yesterday he was immediately taken to a hospital. The former banker is ill and threatened with pneumonia.

Pardon's Board's Statement.

Springfield, Ill., Jan. 25.—C. Hardt, chairman of the Illinois board of parole, yesterday issued a statement in explanation of the recent parole of Banker Paul O. Stensland from Joliet penitentiary. Included is a letter from trial Judge George Kersten urging clemency. Chairman Eckhardt says, in part:

"It is but right to state that when he was apprehended in Tangier by Judge Olson and James Keeley, managing editor of the Chicago Tribune, he could not have been extradited, but when these gentlemen promised to use all their influence to obtain clemency for him, and that if he would return he could aid in securing more money for the depositors, he agreed to come and did so. The receiver disposed of \$1,100,000 worth of notes secured by mortgages for \$700,000. Had more time been taken in disposing of these securities every depositor would have been paid in full. As it is they received 85 per cent.

"The board of pardons endeavored to keep faith with promises made by judges and state's attorneys, but the responsibility of the release of prisoners is upon them, and in this case held Stensland more than a year longer than the trial judge and the state's attorney recommended, as Mr. Haley, late state's attorney, in Nov., 1908, recommended his parole."

Government Case Against the New York World Began Today.

New York, Jan. 25.—The trial of the famous Panama libel suit of the government against the New York World, began in earnest today in the United States circuit court.

When court convened the jury box was filled and only three peremptory challenges remained to be disposed of. It was the expectation that some of the more prominent persons who are said to be under subpoena to appear in court as witnesses would be present during the day, and served to attract a crowd to the court room.

HE WILL DIE POOR

MILLIONAIRE D. K. PEARSONS SAYS THAT WHEN HE'S 90 WILL GO ON RAMPAGE.

HIS DESIRE IS TO DIE PENNILESS

Expects to Live Ten Years More and Do Nothing but Help Colleges—He Has Already Given Away Many Millions.

Chicago, Jan. 25.—After having given more than \$4,000,000 to struggling colleges in various parts of the country, Dr. D. K. Pearsons, almost 90 years old, announced last night that he intends to give away every cent he possesses before he dies.

Dr. Pearsons is reputed to be worth many millions.

"I am having more fun than any other rich man alive," said he. "Let other rich men go in for automobiles and steam yachts. I have discovered, after endowing forty-seven colleges in twenty-four states that giving is the most exquisite of all mundane delights. On my 90th birthday, April 14, next, I am going to have a squaring up with all the small colleges I have promised money, and I serve notice now that beginning then I am going on a new rampage of giving. I intend

to die penniless. I am going to live ten years longer, and during that time I intend to do nothing but give away money.

"I have given money to twelve colleges in the south. I don't think any of my other gifts have given me quite the same satisfaction that these have. It's fine to sit here and think that the south knows it is being made a better south by a blamed old abolitionist like me. It sweetens 'em, I tell you. It makes them feel better. Beres college in Kentucky is my pet. I have watched it grow with the utmost interest. It is doing great good among those Kentucky mountain boys. This nation needs those Kentucky mountaineers. It was they who fought the battle of King's Mountain and who helped Jackson whip the British at New Orleans.

Another pet of mine is Guilford college in North Carolina. There's where Speaker Cannon was educated. It's a quaker institution and I like it. I gave \$50,000 to the Montpelier seminary in Vermont a little while ago, because that's where I went to school seventy-five years ago, and because its president came to me and said they were nearly broke.

"I think lots of the little colleges out west, and I shall keep my eye out that way also. Not long ago the president of Whitman college in Washington told me he was very much in need of \$12,500. I don't think I ever felt better in my life than when I wrote him out that check.

"I don't say these things in a boastful spirit, but merely to suggest to some other millionaires an easy way to have a good time."
